Story Map Writing – Why the Sun and the Moon Live in the Sky
Cause – Effect

In the story Why the Sun and Moon Live in the Sky, some poor planning causes the sun and moon to move. In the beginning, Sun and Moon live in a house on Earth. Sun and Moon like to tell stories, and they want someone to listen to their stories. They plan a party and invite Water and Water's people over. After that, Water and his people fill up the house until there is no more room for Sun and Moon, and so Sun and Moon have to move. In the end, Sun and Moon are living up in the sky. As you can see, it's hard to invite the ocean into your house.

Another option for events is
on the next page.

Events - option 2

1. Sun and Moon invite Water and his People over to hear their interesting stories.
2. Water and his People fill up the entire house until there's no room left for Sun and Moon.
3. Sun and Moon have to move, so they fly up the sky.

In the story Why the Sun and Moon Live in the Sky, the location of the Sun and Moon changes. In the beginning, Sun and Moon live in a fancy house on Earth. First, Sun and Moon invite Water and his People over to hear their interesting stories. After that, Water and his People fill up the entire house until there's no room left for Sun and Moon. Finally, Sun and Moon have to move, and so they fly up to the sky. At the end, Sun and Moon live up in the sky. As you can see, now Sun and Moon can share their stories with the other planets.
